

BaZi for the Practitioner

The Practitioner course is specially tailored for further studies of the BaZi principles. Creative techniques will be taught for the analysis of the BaZi chart for Career Success, Relationships, Marriage, Child Birth, Health Issues, Criminal Inclinations, Politics etc.

A comprehensive textbook that is translated mostly from classical Chinese text with poems and oral recitations to preserve the authenticities. Real life examples are illustrated through case analysis for better understanding.

All the students who complete the Practitioner will gain opportunities to enroll for BaZi Commando Training to further progress in their learning and analysis capability.

This is a course not to be missed by any BaZi enthusiast. Join us for a great learning experience.
