# FINANCIAL FORECAST FOR 7 AUGUST TO 6 SEPTEMBER 2008

**T**he metal energy is strong this month, which does not favor the equity market since it belongs to the fire element. Market is unlikely to perform well. However, metal being the wealth element for fire related industries; it indicates that there are opportunities for wealth. One can look at this aspect from the potential to invest into the market when weakness starts to set in this month. Earth related industries will be seen as more competitive with more activities and innovations. Pay attention to the wood related industries, if prices have gone down drastically, this would be a good time to invest into these industries.

**Industries that are likely to perform well:** Metal and Water related industries.

**Metal industries:** Gold, metal products, hardware, engineering, automobile, heavy equipments, precision oriented industries etc.

**Water industries:** Shipping, water treatment, beverage, logistic, transportation & communication etc.

**Fire industries:** equity, hospitality, service oriented, media, entertainment, beauty, energy etc.

**Earth industries:** Property, coal mines, insurance, health care, banking etc.

**Wood industries:** Agriculture, education, paper, fashion timber, management, food etc.

## OVERALL WEEKLY VIEWS:

### 4 AUGUST – 8 AUGUST

Market is likely to have some strength for 4th and

5th of Aug. The rest of the week shows weakness and potential losses.

### 11 AUGUST – 15 AUGUST

Market is unlikely to do well this week. Should there be any support for market to gain strength, it should be on 14th and 15th.

### 18 AUGUST – 22 AUGUST

Market is likely to experience another week of weakness, leaving only the 22nd to be the only day that has strength.

### 25 AUGUST – 29 AUGUST

25th is likely to be the only day this week that sees strength for the equity market. The rest of week is likely to be challenging as the energy pattern is volatile.

## FENG SHUI ADVICE:

South West sector brings wealth for those who invest in the property or earth related industries. The other wealth sector lies in the East which brings potential for future prosperity. Place a water feature or your investment portfolio or simply use these sectors for your investment decisions. Avoid using the North West and North East sectors at all cost if you are holding major positions in the market.
