# FINANCIAL FORECAST FOR 7 NOVEMBER TO 6 DECEMBER 2008

**T**his is a month with very strong water energy which is the biggest threat to the equity market. The market is unlikely to perform well and we can expect to see more signs of weakness in the market. The metal industry is likely to suffer as well, we can expect more competition ahead. The only industry that is likely to see opportunity for gains is the earth related industries such as the banks, insurance companies, medical or healthcare etc.

**Industries that are likely to perform well:** Water , Wood and Earth related industries.

**Metal industries:** Gold, metal products, hardware, engineering, automobile, heavy equipments, precision oriented industries, etc.

**Water industries:** Shipping, water treatment, beverage, logistic, transportation & communication etc.

**Fire industries:** Equity, hospitality, service oriented, media, entertainment, beauty, energy, etc.

**Earth industries :** Property, coal mines, insurance, healthcare, banking, etc.

**Wood industries:** Agriculture, education, paper, fashion, timber, management, food, etc.

## OVERALL WEEKLY VIEWS:

### 3 NOVEMBER – 7 NOVEMBER

Other than the 3rd Nov seeing strength for the market to perform well, the rest of the week is weak and struggling.

### 10 NOVEMBER – 14 NOVEMBER

Market is likely to see strength this week. However, water being the under-current sets its limits for wood and fire to be strong. Hence, it is likely that we see the equity market showing signs of pick up but volatile at the same time.

### 17 NOVEMBER – 21 NOVEMBER

The market is unlikely to perform well since metal and water dominate the week. Should there be any strength or signs for a weak pick up, it is likely to be on the 20th and 21st.

### 24 NOVEMBER – 28 NOVEMBER

Market is unlikely to see strength this week too. A slow moving week, mostly due to uncertainties in the market.

## FENG SHUI ADVICE:

Wealth stars are in the Central and North West sectors this month. Avoid using South and South West at all cost if you are starting a new project or holding a major position. North East is plagued with sickness star. Place some metal décor at the South West and North East sectors. Those who seek recognition, make good use of the West sector this month.
